Overdoing How American Women Break Down

Owing to the modern manner of living and the nervous haste of every woman to accomplish just so much each day, they overdo, and as a consequence develop ailments peculiar to their sex, as is indicated by backache, headache, nervous-

ness, the blues, displacements and weakness.

Women who find themselves in this condition should slow down, and depend upon that good old fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, to restore them to health and strength, for there is no other remedy known that so quickly restores a healthy, normal condition. Here is the Story of a Most

Remarkable Recovery Minneapolis, Minn.—"I was run down and nervous, could not rest at night, and was more tired in the morning than when I went to bed. I have two children, the youngest three months old, and it was drudgery to care for them as I felt so initable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from me so I started to give him two bottle feedings a day. After taking three bottles of

Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for mychikiren and lam very happy with them and feel fine. I nurse my baby exclusively again, and can't say too much for your medicine.'
